## THE FREEMAN. THURSDAY, : MARCH 25, 1869

LOCAL AND PERSONAL.

A bald eagle was shot in Munster township one day last week. The saw-mill of David Fyock, on Two lick creek, about four miles east of Indiana. was totally destroyed by fire on Monday

pight of last week. Wm. Babcock, employed in a saw-mill in Clearfield county, was caught in the machinery of the mill, on the 12th inst., and was instantly crushed to death. Hon. A. A. Barker, of this place, is an-

nounced as one of the speakers at a temperance meeting to be held in Williamsburg, Blair county on Wednesday week. Want of time has prevented the reporting of real estate transfers for our present

sue. There were but few left for record and they will keep until next week. The residence of Mrs. Chancy, in Barres lownship, Huntingdon county, was burned o the groud, on Sunday week, during her bsence, and \$100 in money went with it. The correspondence of our Wilmore friend did not come to hand until Wednesday morning, at which time it is seldem possible to insert articles of any but very brief

proportions. Sorry, but can't help it. The dead body of a collier, named Arthur Mooney, was found in a field near Clearfield on the 11th just. He was last seen on the 22d of February, very much under the influence of liquor. Forty-one dollars were found in his pocket.

While on our way down street the other day we heard an old lady complain bitterly that she had bought her groceries at the wrong store. On asking her where she intended to buy, she replied, "At Oatman's cheap cash store, where everything is pure and fresh and prices very low." The mail car on the Philadelphia Express

going west last Wednesday morning took fire a short distance above Mifflin, and only one pouch of mail matter, containing Salt Lake city letters, and a paper bag for Cinciapati were saved. The entire New York mail was lost. The car is closed at Jersey City, unoccupied, and not opened until it reaches Pittsburgh.

Four logmen of Clearfield township were brought to jail on Tuesday night charged with inciting riot and indulging in the pleas- praise of the gests. aut amusement of destroying property benging to Mr. Francis Cooper, in Chest springs borough, on that day. Other paricipants in the "little unpleasantness" have not yet been arrested, but the "dogs of the law" are on their trail.

The dwelling house of Mr. William Dean. n Juniata township, Huntingdon county. was destroyed by fire between two and three o'clock on Wednesday morning last. and horrible to relate, one of his daughters, a girl aged about 17 years, perished in the use of both hands.

THE BASE BALL FAIR .- The Mountaineer Base Ball Fair "shut up skop" on Monday evening last, after a most successful carcer of eight days' duration. All the prizes offered for chances or votes were disposed of. and we learn that the gross proceeds of the enterprise amount to the handsome sum of about eight hundred dollars, or thereabouts. The affair was a complete success throughout, and the hall wes crowded to excess during the greater portion of its continuance. The principal contest was for the his source alone one hundred and thirty-six dollars and ten cents, at ten cents per vote, were realized. Mr. Wm Breese proved the lucky man, he having received 658 votes, while V. S. Barker received 471, A. Y. Jones 1244. F. H. Barker 47, G. H. We have not received the result of the ballotings, but understand that about thirtyseven dollars, at five cents per vote, was ook both ways for good luck may have had something to do with his success. Be that as it may, he has won the prize fairly, and we hope to see him sport it with all that culiarly proverbial.

A GAY PARTY AND A GRAND SUPPER .-In compliance with the invitation of that prince of landlords, Isaac Crawford, Esq., some sixty of his male friends and neighbors assembled at the Crawford House on Thursday evening last to partake of a supper gotten up in honor of his having been awarded, by the suffrages of our citizens, the prize carving knife and fork at the Catholic Fair recently held in this place .-No gayer party, we venture to say, ever assembled in the "mountain village," and no host ever more generously and bountifully provided for his guests. The affair was most excellently conceived and successfully conducted, and to Mr. Crawford and his atniable and accomplished lady the highest meed of praise and the heartiest thanks of all who had the good fortune to be present are most eminently due. All enjoyed the rich and bountiful repast to the utmost, and all unite is saying that for elegance and variety the supper has never been surpassed in our midst. Good cheer and good feeling reigned supreme, and the Trefts, butcher of this place, bought a small palatable viands as his numerous friends were grateful in receiving them. The entire proceedings were of a most pleasing lives in Ligonier valley. Mr. Trefts only character, and the affair will long be remembered for its agreeable associations and

good fortune to participate. The supper having received due attention, the guests adjourned to the large reception room, where our worthy Burgess, Abel Lloyd, Esq., was called to the chair, Messrs. Jerome Platt and Henry Foster chosen Vice Presidents, and Messrs. Samuel Henry and Owen Cunningham elected Secretaries, after which a committee on resolutions was appointed, who in a short time thereafter re- may indeed be a charitable institution.

I hat we, the guests of our liberal host, do return our thanks to him for the bountiful repast which he provided, and do but an act of simple justice in declaring it worthy of Delmonico, being gotten up in BECHERCHE style and in a manner befitting the palate of the most fastitious conoiseur. JOHN PORTER, "frosty sen of thunder," of the strong first week of March. The balance of the and tough growth of Hemlock timber which is born in Washington township, Cambria county, on the 1st of August, 1-40 In early life he had a great passion for reading. His parents bestowed upon him a liberal education. He spent the years 1857 8 9 and '60 at the College of St. Francis, at Lorette, a spot which was settled by Gallitzia, a Russian Prince many years ago. This nobleman, who was truly a most devout, zealous and earnest follower of the meek and lowly Jesus, spent his princely fortune in improving the wild country which he had chosen for his abode, in adding to the hap piness of those who had followed him from the old country, in founding on the highest peak of the Alleghany Mountains, the mother church and a monastery, and establishing the college splendid base ball but offered to the most of St. Francis, which is acknowledged to rank opplar knight of the bat and ball, and from among the best in the State. It was here that young Porter completed his education

The firing on Fort Sumter aroused the patriotic spirit of Mr Porter, and he at once rushed to the defence of his country. On the 28th of August, 1861, he entered the army as second lieutenant of company A, Pennsylvania Volunteers, and remained with the regiment Harry Kinkead 19, besides a few scattering until the 30th of October, 1862, when, being votes for other parties. The next most delicate in health, he resigned, but remained throughout the whole war a staunch democrat. While in the army, he was stationed off Hilton Head, Beautort and Edisto Island, the most inhospitable places in regard to climate in South Carolina.

After his return, Mr. Porter went through a commercial course of studies at the Iron City college in Pittsburg, and since 1864 has been engaged in various mercantile pursuits. In 1868, the democracy of Cambria county, appreciating the sterling qualities of Mr Por ter, nominated and elected him to the Legisla- at Mayer's-I do think he's pretty, etc ..secured from this source. Then the name Freeman! What heart does not bound at the very thought of being a freeman? Would there were ten thousand such Freemans in the land.

Since the inauguration of General Grant the public mind seems to be enjoying a kind of Rip Van Winkle sleep, and of course there is not much local news of importance There is some sickness here and in the neighborhood. Croup, catarrh fever and scarlet fever are prevalent, but not of a severe type, though some children have died of

these maladies in this place. The Easter holidays are coming on, if holidays you can call them, and lest the people should not have enough to eat, Mr. Jacob worthy host was as happy in dispensing his beef expressly for Easter. It only weighs 2.800 lbs., live weight, and was reared by Mr. John Smith-one of the Smiths, who paid the small sum of three hundred dollars for the animal. It doesn't look much larger its delicious feastings by all who had the than an elephant, but will make sweet eating, and if devoured on Easter Sunday it will take 2,800 men, women and children to consume the poor creature. It will be slaughtered on next Saturday.

The public schools of Millville borough have closed for the present, as well as most of the schools throughout the townships. We are to have a hospital erected within the limits of our borough, and we hope it The weather is still spasmodic, so we will

pass it by with a simple reference, hoping to do it justice when it merits instice. We had an alarm of fire last week in town which caused us to think that we were living in Altoona, but the alarm proved false, which rejuced us exceedingly.

We have lots of mud here-more than they have in the Dry Tortugas since the release of the notable prisoner there. Nothing of importance has occurred a long

the railroad since "Braddock's defeat," but we claim to be the inventors and patentees of "The link, bolt and car coupler" mentioned in your paper last week. We were busily engaged yesterday in as

sisting the son in crossing the line, which

makes our hands tremble awfully to-day. The "young Men's Literary Society" were much pleased with our notice last week. Hence, we are induced to make the following observations: We were joking about it being a young men's society. The members are all ! ilver Grays, and are but the fragments of the old society which ex ploded during the war for the maintenance of supremacy over submission. It was once one of the best societies that existed, but many members have gone away. Even the writer is one of the truant members of the old association. Then we find absent the that he may be enabled to repeat the dose were inhabited," as well as the man who wondered ff "civilization tends to virtue." A. Shoemaker, \$2 Caledo we forbear. We love that old society, and wonder oft "when we shall all meet aguin." If they will permit us to suggest a question for discussion, which will give fair play all round, we will feel abundantly compensated for this notice. We would propose this question "Does the earth revolve to the winter was nice and smooth, with good to be found only in the democratic party, was right hand or to the left hand?" This will give both sides a chance, for if one stands with his back to the north it will revolve to the left, but if he stands with his back to at fair prices the choicest flour and freshest the south it will revolve to the right. Again, by changing the phraseology a little, and making the question read . Does the earth revolve east or west?" besides being a double question, there would be this advantage, that while one side is revolving east the other side is going west just as fast. This proposition would make it possible for both side to win the victory, and to go home wearing the laurels of a triumph seldom attained in a literary society. This proposition of ours is not intended as a double en-

tendre, though we have no doubt some malicious minds will give it that interpretation. The late freeze furnished some of our saloon keepers with a new crop of ice, which

FAIR, FAIRER, FAIREST .- The fairs are all over and the next thing to be hoped for is fair weather, which would be the most desirable fair of the season, save and except the fair chances always afforded for buying groceries from that fairest of all merchants, M. L. Oatman, who is fairly before the people as the only exclusive dealer in such articles. Consumers will find it to their interest to give him a fair share of their patronage, as he treats all with equal fairness, promptness and liberality.

DRAWINGS -Every body who attended either of the late Fairs drew something. Some drew prizes, many drew their pocket books, and all drew their breath, more or less. Both Fairs having drawn to a close, however, the only attraction which now draws crowds of people is the superb stock of seasonable dress and dry goods, notions, fresh groceries, etc., with which H. A. Shoemaker & Co. are supplying their host of well-pleased customers. No person will be "drawed on" who buys from them.

STRONG TESTIMONY -From the Con stitutional Union, Washington, D C .: HOOFLAND'S GERMAN BITTERS - Under this caption we would call the attention of our readers to a highly scientific preparation, the mer its of which have been attested by hundreds of our most intelligent citizens. It has acquired a reputation over the whole country as the best tonic known, and for Dyspepsia and all diseases arising from a disordered stomach it has no equal. It contains no alcoholic spirits of any kind, but is purely vegetable in its character; and we can fully vouch for its curative powers,

having used it ourselves.
HOOFLAND'S GERMAN TONIC Is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, or auge, anise, etc , making a preparation of rare medi-cinal value. The Tonic is used for the same diseases as the Bitters, in cases where some Alcoholic Stimulant is required. Principal Office, 631 Arch Street, Philad'a, Pa. Sold everywhere by Druggists and others [mr 25.]

PURCHASE ONLY THE BEST .- In a majority of advertised Bitters important ingredients, the necessity of which are plainly indicated, are omitted because of their high prices; in others the proportions and combinations of the ingredients are in defiance of all settled principles of pharmaceutical chemistry; others, again, are mere shams, made up of poor whisky slightly bittered with aloes and colored in such a manner as to deceive the unwary, and are so nauseating as to be unworthy of criticism, and to the patient the remedy is worse than the disease, while years of experience and trial have proven DR ROBACK'S STOMACH BIT-TERS to be, just as recommended, one of the hest remedies extant where a sromacuic Toxic names published in the next list, but after AND STIMULANT are required.
